

Subject: Registration Begins Today!

Dear Student,

Don't forget that registration begins today at 10:00am EDT! If you haven't done so already, be sure to review the information for your college/program on the [First-Year Student Enrollment website](#) and watch our [registration videos](#). You can access Banner registration directly by visiting go.lehigh.edu/studentregistration.

We strongly encourage you to review our information on **Linked Courses**, as you will likely encounter this type of course as you register for courses with required labs and recitations. More information on linked courses can be found here: <https://ras.lehigh.edu/faq#linkedcourses>. Information on other error messages you may encounter during registration can be found on our [FAQs](#) on our [First-Year Student Enrollment website](#).

As a reminder, this preliminary registration period will remain open through July 31, 2026, at which time it will close while advisors/colleges review student schedules and prepare for your arrival in August. If you haven't finalized your schedule yet, don't worry! You will have time to make schedule changes after you meet with your advisor during orientation and can continue making schedule adjustments through the first week of the semester. (Please note that you must register for at least 12 credits to be considered a full-time student.)

If needed, our team will be available through [live chat](#) to help with registration questions. For advising assistance, please contact your college/program's advising team using the contact information available at the following link: <https://advising.lehigh.edu/advising-contacts>. We look forward to working with you!

Sincerely,
The Office of the Registrar
